

Prayer for February 2022

A prayer by Rev Anne Hewitt from Churches Together SA.

Inspired by Luke 5:1-11

Jesus, Friend and Companion,

We are tired and weary

And yet, hear your call to travel again into the deep waters.

In the dark times, our souls seek your Light.

When troubled with decisions

on how to be your people during this season,

we seek your comforting yoke to bear the burden.

As we are buffeted off course, we seek your direction,

bringing us to the still waters of peace.

In our care for our neighbour,

we seek your anchoring love, which restores our soul.

Hold us. Warm us. Guide us.

For in You we find a Way.

With You we have hope.

Let your warming love be as the morning sun,

Bringing light across the waters

As new beginnings unfold.
